1 September 2022

Dear parent,

FOOD ALLERGIES

As you will know, Gilnahirk Primary is a completely nut free zone due to a number of children across the school who are allergic to nuts. This is a timely reminder right at the start of our school year that nuts or foods containing nuts should **not** be brought in to school.

Furthermore, we also have a child at Gilnahirk who has a severe allergy to fish and eggs. This allergy can be triggered by direct contact with or consumption of eggs and fish but it can also be triggered via cooking vapours or through the air.

Consequently, as with peanuts, you are asked **not** to send fish or eggs as part of your child's break time snack or packed lunch.

Your support and cooperation with regards to this matter is absolutely vital and, as always, greatly appreciated.

If you have any further queries or concerns in relation to this matter, please do not hesitate to contact the school office.

Kind regards

D Corbett
